

ToP Virtual Team – July 17, 2009 Notes

Design Patterns

- Application level template for SP up on huddle please look at
- Using design tool through screen of cognitive patterns and design tools now ready to do assignment. (Steps the brain goes through as you do a process). Design eye and design patter are different. Eye is a tool to teach people how to listen to client and create an event that meets their needs.
- There is a course on designing events

TTN Leadership Meeting

- Clarifying the mission and vision accomplished

Subject Matter Experts Interviews

- Anne S. Article comparing productivity with virtual vs f2f found virtual can be more productivity

Intellectual Property

- Who is effected by IP? Need a team. Got everyone on the same page

Next Steps:

- Continue Design Patterns
- Complete Expert Interviews this month if possible
- Next meeting July 31 – Jerry presents on Huddle 4:00 CDT
- Consensus Workshop in Elluminate July 22 instructions, July 24 workshop.
